

## Ashton Hayes Sport and Recreational Association (AHSRA)

# The 'Big push' for funding for the field

Hello once again from the AHSRA committee. We are now happy to inform you that we are now in the final stages for funding for the recreational field and are pushing hard to meet the deadline for purchasing this land, which is the **31<sup>st</sup> March 2010**.

With the next round of funding schemes and grant applications approaching there is now an urgency that we complete the purchased of the land to meet the criteria set out for approval.

### What is needed next?

We need your pledges and help!!!

If you have completed a pledge then we require your donation as soon as possible, but if you have not pledged yet then please pick up a form at the **Post office**. Complete this but with the payment included as we are in the process of collecting all the monies together. Any further questions please contact **Andrew Garman** at the address below.

We are now officially a company limited by grantee and have also achieved Charity status, which means we are able to get match funding and Gift aid.

So for every pound we raise not only will it take us nearer our goal of purchasing the field but we will enable us to receive match funding for the next phase for development for the project.

We are only a small group of volunteers, and as such, we are attempting to climb a mountain. Any help, advice, or information would be appreciated as we are trying to provide the village with a facility not only to be fun and rewarding but something we can all be proud of today and in the future.

**Please contact AHSRA's Chairperson, Andrew Garman: 751557 or [andrew@qfutures.co.uk](mailto:andrew@qfutures.co.uk)**
